_____ + _____
(Name + age:)

A cat has 4 rows of whiskers on each side (hold up your hand showing 4 and draw in the 4th whisker)

A cat uses its whiskers for measuring distances. (measure distance by giving three big steps forward)

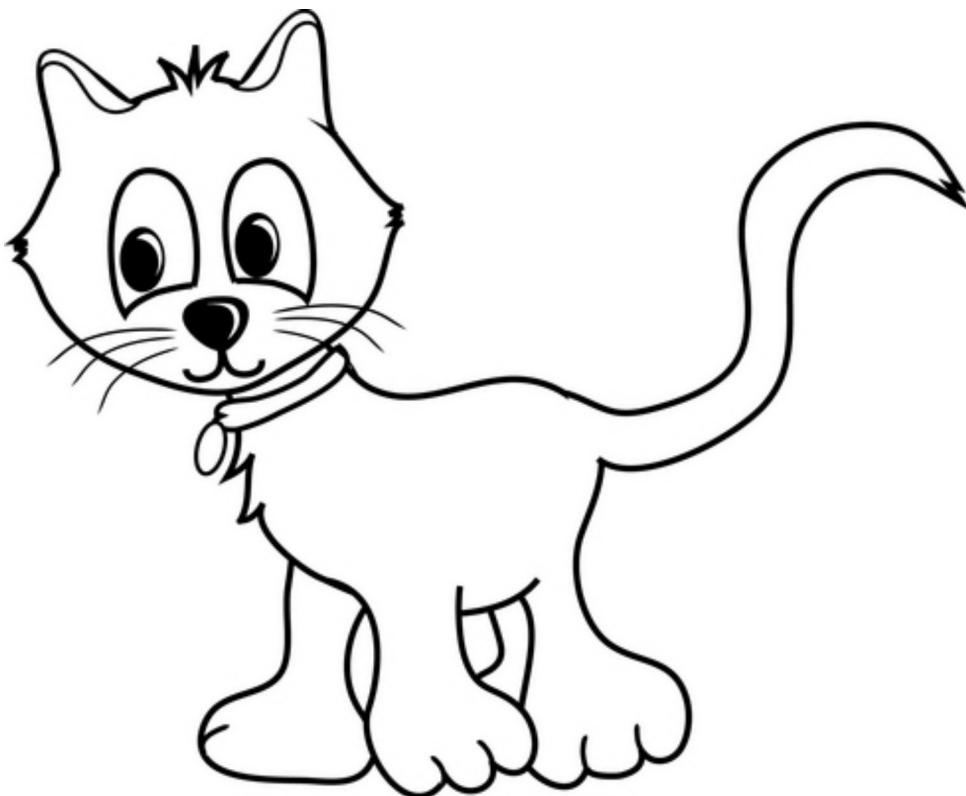

Cats walk on their toes. (walk on your toes just like a cat)

Your cat can see in the dark. (close your eyes with your hands to see how dark it becomes, and open it again to see the difference)

Cats knead with their paws when they're happy. (show a happy face and then a sad face)

They have 5 toes on their front paws and 4 toes on their back paws. (count 5 fingers and then count 4 of your toes)

A cat's heart beats twice as fast as a human heart. (clap your hands slow and then fast)

Colour the cat and stick onto display wall.
